Landfilling–Last Resort? Conference

As Central and South-Eastern Europe moves toward ambitious EU landfill reduction targets, collaboration has never been more important. The Landfilling Conference 2026, organised in ENVIRONTEC powered by ÖKOINDUSTRIA Trade Fair in Budapest, is the region's dedicated meeting point for legislators, relevant authorities, waste management and circular economy experts, municipal waste landfill operators, public service companies, measurement and sampling companies and researchers. The conference is organized by the Hungarian Association of Environmental Enterprises (HAEE), in partnership with ISWA.

Key topics include:

- EU Road to 2035
- Methane, Leachate & PFAS
- Landfill Fires & Environmental Risks
- Landfill Mining & Resource Recovery
- Regional Case Studies

Join us as a sponsor to expand your network, strengthen your visibility and connect directly with the key decision-makers shaping the future of waste management in the region.
