RE:BROWN
**REMEDIATION AND BROWN-
FIELD INVESTMENTS
CONFERENCE**

BUDAPEST, HUNGEXPO
9 October 2026

ENVIRONTEC
powered by ÖKOINDUSTRIA

RE-BROWN 2026 Conference

The Re-Brown conference serves as a significant domestic professional forum for remediation, brownfield investments, and sustainable land rehabilitation, organized as part of the ENVIRONTEC international environmental industry expo.

The objective of the event is to facilitate a collaborative discussion among industry stakeholders, decision-makers, researchers, and developers regarding the critical issues and innovative technological solutions in the rehabilitation of contaminated sites.

What are the benefits of becoming a supporter?

- gain recognition within the domestic and international environmental industry professional community
- They can showcase their innovations and professional competencies.
- enhance their ESG and sustainability commitment
- cultivate relationships with decision-makers, industry stakeholders, and researchers

Target audience

- sustainable enterprises
- remediation and engineering firms
- state and authority experts
- universities and research organizations
- investors and property developers

Sponsorship options

EXCLUSIVE TITLE SPONSOR – 7000 EUR (maximum of 1 sponsor)
